

SECRET

10 February 1972

MEMORANDUM FOR: D/DCI/NIFE

SUBJECT : DDI Intelligence Production
on Narcotics

1. Despite Mr. Mardian's complaint that "nobody's doing nothing" about narcotics, the attached, which should be useful for the paper your staff is preparing on the narcotics problem, will show that an awful lot is being done.

2. I call to your attention that this attachment refers to OER publications only. In addition, both OBGi and SRS have produced reports on the narcotics problem.

3. Some appreciation of the magnitude of support we give to narcotics can be seen in other ways. We have two officers detailed full time to work with [redacted] the Cabinet Committee. Our production on narcotics in 1971 accounted for the equivalent of 18-20 man-years during 1971. In addition, we have detailed (on a reimbursable basis) two analysts to BNDD to help beef up their own intelligence effort. You will also see by the attachments that we have sent DDI analysts abroad on TDY's to help the BNDD in its work. Finally, I would note that we are in the process of producing a major unclassified annual survey of narcotics worldwide. The bulk of this work is being done by DDI components.
